

# Year One Weekly Newsletter

24 March 2017

Hello Everyone,

Next week is our final week at school as we break up for our Easter holidays. The children return to school on Tuesday 18<sup>th</sup> April.

Next Thursday we have our visit from the theatre company blunderbus. The story that they will be performing is called Lily and the Little Snow Bear. The children will be doing work based around the story throughout the day.

## Maths Challenge!

### Measuring

Next term in our Maths work we will be learning about measuring. Please encourage children to use words related to measuring such as longer, longest, shorter and shortest. Ask children to use a tape measure to measure the height of the people in their family and record it in their homework book. Can children order the heights from shortest to tallest?

## Writing Challenge

This week we have been listening to different poems. Can children write their own short Easter poem?

Remember it doesn't have to be a rhyming poem. They may choose to copy a well-known Spring poem into their books instead in their best handwriting.

### Comic Relief

Thank you to everyone who sent in donations for Red Nose Day, we raised over £215 for the cause.

### Summer Uniform

After Easter we will welcome children wearing their summer uniform, although we are asking that the children continue to bring a coat. Girls are welcome to wear their summer dresses and boys may wear smart shorts.

### P.E. Kits

Next week we will be sending home your child's P.E kit, please make sure you give it a quick wash and check your plimsolls still fit because as the weather improves P.E and clubs will be outside.
